How to Determine your Ring Size!

1. Print out this page. Please note: you must uncheck the "fit to printer" option in the printer commands.

2. Cut out the sizer illustration above.

3. Cut a slot on the sizer where you see the dotted line.

4. Roll the sizer into a circle. The numbers should be on the outside of the paper.

5. Insert the end of the tab into the cut slot.

6. Place the sizer around the finger which you would like to wear the ring. Pull the tab through the slot.

7. When the paper is snug around your finger, you have determined your ring size!
